

16:00 Fishbowl Panel

- A ***fishbowl conversation*** is a form of dialog that can be used when discussing topics within large groups.
- The advantage of Fishbowl is that it allows the entire group to participate in a conversation—no slides.

Initial Panel Members

- To prime the fishbowl, each initial panel member introduces a discussion topic he or she is passionate about
- 3-5 minutes on their favorite SEAMS topic

Fishbowl Participation

- Six chairs — one empty chair
- Any member of the audience can, at any time, join the fishbowl by occupying the empty chair and then participate in the discussion; only people in the fishbowl can speak.
- When this happens, an existing member of the fishbowl voluntarily leaves the panel to create an empty chair
- Jeff is the enforcer 😊
- The discussion continues with participants frequently entering and leaving the fishbowl.

**Keep in mind—the more you
